

# SEWAGE TREATMENT PLANT

**Client:** Private Engineering Office  
**Category:** Industrial  
**Value:** QR 7 million  
**Consultant:** Arab Consulting Engineers  
**Built-up area:** 1500 m<sup>2</sup>

The project was Domopan's first foray into industrial building construction. This design-build contract involved the design and construction of a sewage treatment plant with the capacity to treat 600 m<sup>3</sup> of raw sewage per day. The plant uses an extended aeration system.

The entire project was executed in nine months, including the time required for mobilization.
